A sound knowledge and understanding of the structure and features of a factual description has been demonstrated.

Ideas have been well organised with adequate detail about the photograph but more variety in sentence structures would enhance the description.

**Grade Commentary**

Morgan has demonstrated adequate use of language structures, and good use of technical language and adjectives. The description is well organised into paragraphs but the one-sentence paragraph creates a stilted feeling. There is repetitive use of sentence beginnings and only a small number of complex sentences but the spelling is mostly accurate.

Morgan’s response demonstrates characteristics of work typically produced by a student performing at a grade C standard.
