End Stage 2 English – Discussion – Grade D

This discussion is all about whether students should be given homework. Homework is work that you learn at school but revise at home.

I think children should have homework because it would boost up their chances of getting high marks in their HSC. Another reason might be children need to revise their work for tests and other sorts of things.

But on the other hand, children need to play more and stop keeping their heads in jars. Secondly, children have extra curricula activities and might be tired after their extra curricula activities have finished.

I conclude that children should have homework and get a good career.

Grade Commentary

Ashley has demonstrated a basic understanding of the structure and conventions of this form. The structure is appropriate but only simple sentences have been used. A variety of strategies have been used to spell most common words accurately, and basic desktop publishing skills have been demonstrated.

Ashley’s response demonstrates characteristics of work typically produced by a student performing at a grade D standard.
