End Stage 2 English – Information Report – Grade D

Evidence of the use of technical terminology
There is little detail in the report and a limited level of competence is evident in the structure

Grade Commentary
Ariel demonstrates a basic knowledge and understanding of the content. Simple sentences are used and paragraphing is lacking. The report shows an inability to sort information, further limiting the depth of knowledge demonstrated. Some basic technical terminology is used and attempts have been made to spell both familiar and unfamiliar words.

Ariel’s response demonstrates characteristics of work typically produced by a student performing at a grade D standard.
