Grade Commentary

Shannon has demonstrated an adequate awareness of the features of a recount. Past tense has been used and words indicating who, what, where and when have been included. Events have been sequenced and descriptive language has been used. There is good directionality, and letter formation is correct. Simple sentences have been created but the use of full stops and capital letters is inconsistent. Different strategies, such as copying words and sounding out, have been used to spell words. An attempt at self-correction has been made. To develop further, Shannon should work on punctuation, include more sequencing vocabulary and give a personal opinion of the experience.

Shannon’s response demonstrates characteristics of work typically produced by a student performing above the expected standard.
