**Grade Commentary**

Bailey has demonstrated basic knowledge and understanding of the structure and features of a recount. The text lacks an orientation but the events have been sequenced. There is a lack of punctuation however the spelling of most common sight words is correct. To progress further, Bailey could vary the use of time correctives, revise punctuation and work on consistency of size and shape in handwriting.

Bailey’s response demonstrates characteristics of work typically produced by a student performing at a grade D standard.
