Grade Commentary

Sam has demonstrated sound knowledge and understanding of the content and structure of an information report. The report has been adequately planned and a title has been included. There is adequate content in most categories but the grouping of some information could be better. The vocabulary is simple but an adequate range of strategies has been used to spell words. There is some incorrect use of tense, and issues with subject and verb agreement, but most of the simple punctuation is correct and the handwriting is adequate in size and slope.

Sam’s response demonstrates characteristics of work typically produced by a student performing at a grade C standard.
