Grade Commentary

Mackenzie has demonstrated sound knowledge and understanding of the structure and features of a procedure. A variety of action verbs has been included and numbers have been used to sequence the steps. Strategies have been used to spell familiar words, and capital letters and full stops have been correctly used. Correct positional language has also been used. To progress further, Mackenzie could include all materials required, provide more information about the action, and use commas in the list of ingredients.

Mackenzie’s response demonstrates characteristics of work typically produced by a student performing at a grade C standard.
