Procedure for Yum Balls

**Ingredients**
- 250g packet biscuits
- 395g can condensed milk
- 2 tablespoons cocoa
- ½ cup desiccated coconut
- 1 tablespoon melted butter

**Steps/Method**
1. Firstly, gather all your ingredients together and carefully measure out the amounts needed using the measuring spoon and cup.
2. Secondly, put the biscuits into the large mixing bowl.

Events have been organised chronologically.
Grade Commentary

Lee has demonstrated an extensive understanding of the structure and features of a procedure. The steps have been numbered in chronological order, and a variety of action verbs and commands has been used. The ingredients have been listed and quantities have been specified. There is effective use of spelling strategies and the handwriting is reasonably consistent in size and slope.

Lee’s response demonstrates characteristics of work typically produced by a student performing at a grade A standard.
