Grade Commentary

Jessie has demonstrated a thorough understanding of the content and features of a literary recount. Events have been recounted in sequential order. An orientation has been included and there is a brief resolution at the end. Simple and complex sentences have been included, and time connectives have been used. Some punctuation has been effectively used but careful proofreading could address the omission of full stops and capital letters. A range of strategies has been used to spell most words correctly. To improve, Jessie could include more adjectives and complex sentences.

Jessie’s response demonstrates characteristics of work typically produced by a student performing at a grade B standard.
