Grade Commentary

Jo has demonstrated a basic understanding of the content and features of a literary recount. Mostly simple sentences have been used but some are incomplete or lack coherence. Some adjectives have been used but no information about the setting has been provided. An adequate range of spelling strategies has been used but full stops have not been consistently used. To improve, Jo could include more information in the orientation and work on punctuation to improve sentence structure.

Jo’s response demonstrates characteristics of work typically produced by a student performing at a grade D standard.
