

Geography sample Stage 1 scope and sequence

Features of Places										
Year A	Students investigate the natural and human features of places. They describe the reasons places change and identify the active role of citizens in the care of places. They learn about how people describe the weather and seasons of places. Students explore activities occurring in places and how the spaces within places can be used for different purposes.									
Term 1	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Week 9	Week 10

Geographical concepts, skills and tools	Concepts – place, space, environment, interconnection, scale Skills – acquiring, processing and communicating geographical information Tools – maps, fieldwork, graphs and statistics, spatial technologies, visual representations									

Exploring Places										
Year B	Integrated unit: People and Places (Geography), Data and Position (Mathematics) & English Students explore places across a range of scales within Australia and Australia's location in the world. Students represent and describe the position of objects on maps and within their local area. They gather, organise and display data on the places people have visited in Australia and examine the factors influencing people's access to places. They discuss connections people have with places, both locally and globally. Students respond to texts to understand the special connection Aboriginal people have to Country.
